

MASK INSTRUCTIONS

- **Adult Mask 2 and Kids Mask**
- **Machine washable in a mesh bag. Can be high heat, tumble dry low**
- **Can sanitize and then hand wash. Hang or lay flat to dry**
- **To put on, locate the peak this is the top that goes over your nose. The flat side is the bottom that goes underneath your chin**
- **First put the bottom strap over your head leaving the mask around your neck, then put the top strap on securing the mask to your face**
- **Once we put our masks on here at Savillno, we keep them on all day. They are snug fitting yet comfortable**
- **If you do choose to take your mask off but want it to hang around your neck, take the top strap off. Do not pull mask down with both straps around your head**
- **If your mask feels uncomfortable, you most likely put it on upside down**
- **To shorten the length of elastic (if needed) simply take off the mask and tie a knot in the center to desired length**
